October 12, 2016

Dear CAHON members and friends,

We are proud to present you the official program of the 2016 NYOF-CAHON Annual Meeting, which will be held on November 19 to November 20, 2016 at the La Guardia Airport Marriott Hotel, East Elmhurst, New York.

Our theme for this year's conference is "Immuno-oncology". We have invited many outstanding speakers in the field to update you the major advances. We will also have Tumor Board - type sessions which are promised to stimulate your brain and require your enthusiastic participation.

Due to the limited financial capacity of CAHON, the registration for those life time members who require financial support for travel and lodging will be closed at midnight, today, October 12, 2016. **For others (both CAHON and non-CAHON members) who do not need financial support to participate in this exciting conference, you are still welcome to register and join us.** Please email your names, affiliations and CAHON membership status directly to **Dr. Xiaohui Xi: huichen1823@gmail.com**

The logistics on travel and accommodations for registered CAHON life time members and invited faculty speakers will be forthcoming shortly.

We are looking forward to welcoming you in person in Queens, New York. We thank you for your support to CAHON. For those of you who are unable to join us this year due to other commitments, we hope to see you in other upcoming CAHON events including our receptions during the Annual ASH/ASCO conferences.

Sincerely,

2016 NYOF Organization Committee
