About CAHON

Bridging Cancer Care, Education and Research between China and the United States of America

Founded in 2005 by Chinese American hematologists and oncologists, CAHON is committed to fostering communication among Chinese American medical professionals with a goal of delivering high-quality health care to patients with neoplastic and hematological diseases. CAHON's mission extends to promoting hematology and oncology medical information exchange between the United States and China. CAHON strives to serve as a bridge among its members and between Chinese and American hematology-oncology communities, furthering medical and educational exchange between these stakeholders.

As a 501(c)(3) non-for-profit organization CAHON is fulfilling its mission to serve as a bridge, by cultivating longstanding domestic partnerships with a wide scope of organizations, including the American Society of Clinical Oncology (ASCO), the American Society of Hematology (ASH), the American Association for Cancer Research (AACR), the Society for Immunotherapy of Cancer (SITC), the Society of Chinese Bioscientists in America (SCBA); and internationally with the China National Medical Products Administration (NMPA) (formerly China FDA), ITOC Association, the Chinese Society of Clinical Oncology (CSCO), CSCO-Committee of Overseas Experts (COE).

About our Members

CAHON is a growing network serving over 300 medical professionals in the fields of hematology and medical, surgical and radiation oncology; along with fellows in training and industry professionals. CAHON members are experts and leaders in their fields, and work in academia, private practice, industry, government agencies and other areas and representing a large breadth of research interests.

CAHON Members by Work Setting	
Academic Medical Center	46 %
Community Practice	24 %
Industry	15 %
Private Practice	9 %
Government	4 %
Laboratory	2 %

CAHON Journal

**JOURNAL OF HEMATOLOGY
& ONCOLOGY**

Impact
Factor
17.388

Journal of Hematology & Oncology (JHO) is the official journal of CAHON. It is an open access journal that publishes top-quality research encompassing all aspects of hematology and oncology. The journal also publishes reviews and research highlights on "hot topics" from leading experts in the field and aims to serve as an international platform for sharing laboratory and clinical findings in an open access format among laboratory scientists, physician scientists, hematologists and oncologists. A rapid turnaround time from submission to publication means that knowledge and new successes can be shared in real time.

Ways to Support Our Mission in 2022

CAHON Corporate Partnership

By becoming a CAHON corporate partner, you will be recognized as a Diamond level sponsor for the four main educational events taking place in 2022: Community Oncology Forum, New York Oncology Forum, and the Summer and Winter Semi-Annual Symposia (a \$105,000 value). Corporate partners will also be given priority consideration and a 20% discount on sponsored talk opportunities.

Corporate Partnership Fee: \$75,000

Promotional Talk in Conjunction with Select Events

Promotional talks may be held in conjunction with select sponsored events. Each promotional talk includes benefits received at the \$10,000 sponsorship level (Silver for COF & Bronze for NYOF) and will include access to over 100 practicing physicians from around the United States.

Promotional Talk Fee: \$25,000

Industry Round Table

Serving as an informal Advisory Board, CAHON will assemble up to (10) ten experts in a specific field to provide in-depth feedback and case discussion on a topic of choice. Fees include honorariums for participants and partnership fee for the organization

Industry Round Table Fee: \$20,000

9th Annual New York Oncology Program (NYOF) CAHON Annual Meeting & Awards Banquet

Fall 2022

New York City, exact TBD

Planned as a primarily in-person event with virtual access available

The CAHON annual New York Oncology Forum (NYOF) is a one and a half day educational program that includes presentations on new developments and updates from the latest ASH, ASCO and SITC meetings including novel agents for Hematology and Oncology. 2022 will mark the 9th year for this annual event and it draws more than 100 clinicians, researchers, medical students, clinical fellows as well as laboratory and health care related scientists working in the hematology and oncology. Approximately 70% of the attendees practice regionally, and 30% travel from other parts of the country.

An exhibition area will be set up away from the educational session throughout the event, for pharmaceutical companies, technology companies and commercial laboratories to showcase their products and services.

Community Oncology Forum (COF)

July 30, 2022

Seattle, Washington

Planned as a primarily in-person event with virtual access available

CAHON's Community Oncology Forum is a half-day program that is geared towards practicing oncologists. The program attracts about 100 attendees including 70 practicing oncologists. Approximately 70% of the attendees practice regionally, and 30% travel from other parts of the country. This is a CME educational program. Specifically, this program offers expert perspectives and practical insights into the use of immunotherapy and targeted treatments in cancer care with focuses on head and neck cancer, breast cancer, lymphoma and leukemia.

Semi-Annual Symposium and Receptions

Summer – May/June 2022

Winter – December 2022

Planned as primarily in-person events with virtual access available

CAHON holds two annual symposium and receptions during ASCO and ASH. The events each attract approximately 100 attendees, including 80 practicing hematologists and oncologists. Approximately 30% of the attendees practice regionally, while 70% travel from throughout the US and China.

The purpose of the programs are to offer expert perspectives and practical insights on current advancements in a variety of cancer treatments, as well as to foster collaboration and provide a forum for interaction and collaboration between hematologists and oncologists.
