

Chinese American Hematologist and Oncologist Network
美国华裔血液与肿瘤专家学会

Dear Colleague,

We would like to invite your organization to consider **supporting CAHON's New York Oncology Forum (NYOF) 2021 Virtual Series** as a sponsor or exhibitor. The NYOF will be a two-part webinar event taking place via Zoom on November 20, 2021 and January 15, 2022 from 1:00—5:00 pm EST. The interactive format will feature three presentations, a case study, and include time for questions and answers.

The target audiences are clinicians, nurses, pharmacists, medical students, clinical fellows as well as laboratory and health care related scientists working in the hematology and oncology. This is a non-CME educational program. Approximately 100 attendees are expected to participate in this year's NYOF Virtual Series along with about 70 practicing oncologists. Attached please find the preliminary program and a sponsorship package for your consideration.

Sponsors will have the opportunity to provide a product advertisement (similar to a print ad) that will be shown during the virtual event. Additionally, companies will be able to showcase their products and services through links on the CAHON event website. To fulfill FDA sponsorship requirements, a link will be added to the supporting company's product package insert. Once the link is clicked, a popup window will display the full prescription information. New this year is the opportunity for exhibitors to virtually connect with attendees through individual video chats using an interactive platform for a virtual exhibit hall.

The purpose of the series is to:

- Offer expert perspectives and practical insights on current oncology advancements in various disease states such as breast, liver, gastrointestinal, hematologic malignancies, and lung cancer.
- Foster collaboration and provide a virtual forum for interaction and collaboration between practicing hematologist and oncologists working in the field.

Attached please find the preliminary program, and a sponsorship package for your consideration. Over 100 attendees are anticipated for this event, including about 80 practicing Oncologists.

CAHON is a 501(c)(3) not-for-profit organization (Tax ID: 20-3662275) founded by Chinese American Hematologists and Oncologists in 2005. The primary mission of CAHON is to foster communications amongst Chinese American medical professionals for the delivery of high-quality health care to patients with neoplastic and hematological diseases, and to promote medical information exchange between the United States and China in the field of hematology and oncology.

Thank you for your consideration.

Best Wishes,

Delong Liu, MD, PhD
Professor of Medicine, New York Medical College
Editor-in-Chief, *Journal of Hematology & Oncology*

Yiwu Huang, MD, PhD
Associate Professor of Medicine
Maimonides Medical Center

New York Oncology Forum (NYOF) 2021 Virtual Series

About CAHON

Founded by Chinese American Hematologists and Oncologists in 2005, CAHON is dedicated to fostering communications among Chinese American medical professionals for the delivery of high-quality health care to patients with neoplastic and hematological diseases, and to promoting the exchange of medical information between the United States and China in the fields of hematology and oncology. CAHON strives to serve as a bridge of medical and educational exchange for its members and between Chinese and American Hematology-Oncology.
