Welcome to CAHON's 5th Annual New York Oncology Forum,

hosted by the Chinese American Hematologist and Oncologist Network (www.cahon.org) at the Sheraton LaGuardia East, Flushing, NY on November 3-4, 2018.

The target audiences are clinicians, nurses, pharmacists, medical students, clinical fellows as well as laboratory and health care related scientists working in the related areas. This is a non-CME educational program.

An exhibition area is set up for pharmaceutical companies, financial companies, telecommunication services, pharmacies, and commercial laboratories to showcase their products and services. Sessions focus on issues related to clinical practice, medical training, and career paths. Drug development and molecular diagnosis will be included.

The learning objectives are:

- updates on novel agents and regimens including cellular therapy and immune checkpoint blockers for cancer diagnosis and therapy;
- updates and guidance for molecular diagnosis, drug development, and precision therapy;
- recommendations and guidance on clinical training and career paths
